Education

International School of Beijing · IB Diploma Programme — 2025 – May 2027

HL: Mathematics AA · Physics · Chinese B SL: English A · Chemistry · Economics

Languages: Korean · English · Mandarin Chinese

Games & work

Error 404: Your File Has Been Corrupted · videogame — Sept 2026 – now

Unity · C# · solo Survival game set on a fake desktop: tech support is ten minutes away and a virus is corrupting your files. Design, code and art. In progress; first Unity project.

Error 404 · tabletop version — June 2026

analog · 2 players · solo Tile-laying board game of the same idea, PC vs. Virus on a 9×9 motherboard. Wrote the rules, drew and printed all 54 circuit tiles, built the board, playtested.

Where Abandoned Ideas Go · visual novel — Oct 2025 – now

Ren'Py · solo · CAS project Point-and-click visual novel about the place where unfinished games, assets and ideas end up. Writing, hand-drawn art and code. The portfolio site is built in its look.

Untitled First and Third Person Horror Game · 3D shooter — July 2025

Unreal Engine 5 · team of 3 · 5 days Team lead for "Scary Game Devs" at the iD Tech Game Design Academy, Stanford University. Built the valley level and the enemy spawn system; merged three people's work into one playable build.

Morning Routine · mini-game — 2024

Snap! · solo Get ready for work before the timer runs out. Design, code and pixel art, for Intro to Programming at ISB.

Tower Defense Tileset · pixel art — 2023

artist Three themes of 16×16 tiles, every tile drawn separately so a classmate could build any map for his tower defense game.

Skills

engines	code	design	art
Unity · Unreal Engine 5 · Ren'Py · Snap!	C# · Python	game & systems · level · tabletop · prototyping & design docs	pixel art · Procreate · Magma · hand carving

Also

iD Tech Game Design Academy with Unreal Engine 5 · Stanford University — July 2025

Certificate; instructor's note: led the team, built "the top-class level and the spawn system."

Kendo — 2025 – now

Weekly practice. Said no to it for years, then started, then stopped skipping.

Badminton — 2023 – now

Three years and counting; the sport I've kept up longest.

East Asian ink painting — 2021 – 2024

Three to four years of lessons through Grade 10. The black lines on the portfolio start here.

Library volunteer · public library, Beijing — 2026 – now

Shelving and sorting. Recently started; the part of the week I look forward to most.

Sticks — ongoing

Skinning sticks with a carving knife, one layer at a time. Essay at bandithefirefly.com/sticks.html
